Sarada Prasanna Satapathy

Practice Director Education Services @Veeva Systems | Ex
Pegasystems | Ex SQL Star International | Pega Certified Lead
System Architect | Enabling Global Workforce | Talent Development
Hyderabad, Telangana, India

Summary

With 29+ years of experience in the IT industry, I bring a deep passion for competency building, curriculum innovation, and ecosystem enablement. At Pegasystems, I led transformative learning programs that empowered over 20,000 professionals in Pega technologies, delivered a 70% placement rate for certified engineers, and generated \$2M+ in program revenue—while championing diversity with 65% female representation in my team.

Now, as Practice Director of Education Services at Veeva Systems, I'm focused on expanding education services across India and evangelizing Veeva's learning ecosystem to support the life sciences community. My goal is to deliver inclusive, impactful learning experiences and drive talent acceleration through strategic collaboration with academia and industry. I'm committed to making every Veeva customer successful by cultivating scalable training programs, bridging skill gaps, and enabling workforce excellence across every dimension of engagement.

Specialties: Curriculum Strategy | Training Management | Educator Enablement | Program Execution | Ecosystem Growth | Industry-Academia Partnerships | Talent Upskilling | Customer Success Enablement

Experience

Veeva Systems

Practice Director, Education Services
June 2025 - Present (1 year)
Hyderabad

In my role at Veeva Systems, I lead the Education Services practice, focusing on empowering customers and partners in drug development and commercial activities. My team and I are successfully delivering training across various

domains, including Quality, Regulatory, Safety, Clinical ops and Data, Go to market and Customer Relationship Management to enhance product knowledge and usage. My efforts is to gain significant increment of awareness and engagement among GCC and Partner community, driving growth and collaboration within the Life Sciences industry.

Pegasystems

16 years 9 months
